

Class Project

Due: Friday, December 11, 2015, 11:59 p.m.

Worth 25% of total mark

Submit through Canvas

Visit the website www.kaggle.com. Form a group of up to two students from the class and participate in any of the active or completed competitions, you choose. Report in detail about your method, data pre-processing steps and outcome of your participation. You are allowed to submit multiple predictions. The groups with more than a single person must describe in detail what each person did. A typed report is to be submitted through Canvas. All students from the same group must submit the same report.
